## Crucial discussions on vital St. Albert issues

St. Albert council is to continue its discussions next Monday on the holding of a plebiscite on the recreation complex money bylaw and the town's application for annexation of 10 sections of land around its boundaries.

And St. Albert residents may get a package of information on the proposed annexation and the recreational facility during the next month before they get a chance to vote on the two issues probably in early January.

Mayor Dick Plain fears that residents must get a chance to vote on the two issues if it is to go ahead with the slated \$5.3 million recreation complex.

Councillor Gary Wetsch feared that all the spade work which had been done over the past nine months on the recreation complex might be jeopardized with a money bylaw plebiscite. There'd be a danger that the town would get involved in the recreation complex situation all over again. And Councillor Mar-

garet Smith echoed this view.

Councillor Barry Breadner expressed his opposition to having a plebiscite on the money bylaw. He said a lot of work had been done on the project and the town was now on the construction management route.

Unless there was a specific request for it, he did not feel the town should go for the plebiscite.

Coun. Wetsch again emphasized the need for moving the recreation complex business on as "it was now December 1."

Councillor Myrna Fyfe said that it might be more beneficial to have the annexation hearing closer to the June hearing of the Local Authorities Board.

She pointed out that annexation and St. Albert's possible future status as a city had a great bearing on one another.

As far as the recreation complex was concerned Coun. Rod Thronsdon thought that this was still a burning issue. He was not sure if the people

## Petition tops 1,000

Mr. Roger Iddings reported Tuesday at supper time that over 1,000 signatures had been collected on the petition for a plebiscite on the Rec Complex money bylaw, and that final tabulation would be completed after Tuesday night's calls, so that the petition could be handed in at Town Hall today. A minimum of 635 signatures are required for the plebiscite.

Canvassers were reporting

that a number of people expressed a preference for neighborhood arena shells and a covered pool added to Paul Kane High, as opposed to the Complex.

Mr. Iddings also advised that he had found a reply from the town to his questions on the Rec Complex when he arrived home at 6 p.m. Tuesday, and would make them available to the Gazette for next week's issue.

## Mayor Plain moves ahead on city status

With a call from Mayor Dick Plain of St. Albert that the town could be at the \$5,000 mark within 10 years. St. Albert went ahead with its move for city status last Monday night at a regular council meeting.

But with a decreased voting majority.

Councillor Rod Thronsdon this time joined with Councillor Margaret Smith in opposing the move to be incorporated into a city. He felt that the financial benefits of the move were not proven and that the town should lay out the facts. These could be put on a referendum vote along with the matter of annexation and the controversial recreation complex.

The town could add the shopping complex and the east industrial area as well as the \$2.9 million for the recreation complex in terms of capital projections over the next five years for the town or "city" of St. Albert, rejoined Mayor Plain.

Councillor Barry Breadner expressed sympathy for Coun. Thronsdon's point of

Mrs. Cecile Martindale, left, and Mrs. Felicity Pickard of the St. Albert Arts and Crafts Guild are arranging a few of the crafts which will be available at the Guild's annual Christmas sale next Sunday, December 7th from 2:30 to 4 p.m., at the Community Hall.

## Lodge unit likely for seniors accommodation

A St. Albert senior citizens group is now looking at lodge type accommodation rather than self-contained units as previously anticipated.

A recent meeting with the Minister of Housing Bill Yurko has convinced the seniors to go for the lodge type of accommodation, but the minister has promised that they will still be able to go for the self-contained units at a later date.

The seniors had spent one hour with the minister, along with Mayor of St. Albert Dick Plain, St. Albert MLA Ernie Jamison and Dr. Bill Cuts where they explained their accommodation needs backed up with 1700 signatures.

The minister pointed out that the request for self-contained units has to compete with applications for 2,400 units in the province some of which were applied for as far back as 10 years ago.

Only 800 units will be approved in each of the next three years so approval for self-contained units in St. Albert may take one, two or three years.

A survey done November 30th by Dr. Cuts shows that

contained units there would be a yearly differential of \$1,000 in the rental rate.

Mayor Plain said that from information presented to him by the MLA, a lodge type facility had been indicated by seniors two years ago.

Councillor Margaret Smith wanted more information on the lodge before she could give it her approval and pointed out that people would be sharing rooms in the lodge, not the case in the self-contained units.

She said that the town must still press for self-contained units feeling that a lodge might jeopardize this kind of development. But Mayor Plain indicated that the minister had given assurance that the self-contained units could follow the lodge development. However he said that he wanted that statement on official record. St. Albert seniors are in favour of a lodge knowing that this does not jeopardize

## Lucky escapes big Trail pile-up

Miraculously, no one was hurt after a five car pile-up on the St. Albert Trail November 30th.

Nearly \$4,000 damage was sustained by the vehicles as a result of the pile-up.

St. Albert RCMP said that road conditions at the time were good, with clear weather conditions and a dry St. Albert Trail.

Time of the accident was 11:50 a.m., and location .1 mile north of 137th Avenue.

The strange chain reaction occurred after a vehicle driven by Joseph Hennessey, 45, of 64 Fair Oaks Drive, St. Albert, came out of the Trail Service Station after servicing, the vehicle heading in a southerly direction.

Hennessey's vehicle, app-

arently developed transmission troubles and accelerated away from the service station so fast that the driver seemed to lose control, an RCMP spokesman said Tuesday.

The driver crossed the outside and inside lanes and was then hit in the rear by a vehicle driven by Allien

## Smoking okay at Board meetings

Trustees of the St. Albert Protestant Separate School District 6 voted against a motion to prohibit smoking at board meetings on Wednesday, November 26th.

The motion was introduced by Trustee Shirley McCaffery. Speaking to the motion, Mrs. McCaffery said that she realized that she regards the matter from the viewpoint of a reformed smoker, but the hazards of smoking had recently been brought home to her.

Dr. W. Cuis, an advocate of non-smoking, spoke in favour of the motion noting that Town Council recently passed a similar motion.

Trustees Webber and MacFarlane spoke against the motion. Mr. M. Mac-

Farlane termed the motion as "petulant." He considered it to be unnecessary because people at board meetings were adults and therefore able to make up their own

minds. He commented that they might even need solace during meetings.

Chairman W. Webber agreed that they were dealing with adults.

The motion was lost with Trustees Webber, MacFarlane and Munro in opposition. Despite the vote, none of the trustees smoked at Wednesday's meeting.

## Bus costs prevent P.E. swimming

During a discussion on the physical education program at the November 20th meeting of the Parent Advisory Board to Sir Alexander Mackenzie School, a question was raised on the possibility of swim instruction for all students in the program.

Parents were informed that costs of busing the students at S.A.M. to the

Rec Complex would be more than the school could afford. Principal Lowell Thronson pointed out that the cost would be \$15 minimum per bus trip. For taking two classes per bus through a 10-lesson program the cost would be \$150. With 24 classes in the school, total for a complete swim instruction program would work out to

\$1,950 for just one school. Just Grade 2 children have swim lessons, under an approved District 6 program, for which the District pays the busing.

District 6 budgets a bus grant for each school, which has to take care of all the busing requirements for the year, including all field trips etcetera. So it would be impossible to have swim instruction as part of the phys ed program at a pool on the Rec Complex site. Mr. Thronson said.

At the time the complex was being planned, and public input was invited, both school districts strongly favoured putting a pool on the addition to Paul Kane High School. Provision has been made in the design of the addition to accommodate an indoor pool.

The area has six schools, four in District 6 (S.A.M., Lorne Akins, Nickerson and Paul Kane) and two in District 3 (Maloney and V.G.). Students from all of these schools, over 3,000 in all, are within walking distance to Paul Kane.

The Parent Advisory Board has 16 parents this year who meet once monthly with the administration people at S.A.M. to discuss various aspects of the school program. The parents give valuable input and if they wish we bring in resource people on a particular topic they wish to be more informed about, said Mr. Thronson. He thinks the Board, plus the volunteer workers program in the school make a meaningful contribution to the school. The Board has been operating for three years at Sir Alexander Mackenzie School. Lorne Akins has one and Ron Harvey School is planning to start an advisory board. At Nickerson school there is a P.T.A.

### Not "Olympic" pool

I wish that Mr. and Mrs. Hiddings would check their facts before organizing a petition concerning the new Recreation Complex as statements made, or attributed to them, will no doubt influence people in the way they respond.

In particular I take exception to the statement that "The town doesn't need a major Olympic Pool."

An olympic pool must be 50 metres in length with a minimum depth of four feet and a minimum width of 60 feet but ideally 75 feet. In addition the diving area would have to be equipped with two one metre springboards, two three metre springboards, and a diving tower providing take off platforms at 5 metres, 7½

metres and 10 metres. The depth for this would range from 13 feet to 17 feet.

The pool proposed for the Recreation Complex is a very modest 25 metre, mainly recreational pool and we do most certainly need this very badly as anyone who has witnessed the overcrowding in the present pool will no doubt agree.

Whatever feelings there may be about the proposed indoor pool, and I could write a lot more or the advantages of one, please do not try to influence people by trying to compare it with a major Olympic Pool.

J. A. Grave,  
President,  
Alberta Summer Swimming  
Association.

THE EVOLUTION OF ST. ALBERT AS AN URBAN COMMUNITY

St. Albert is the sixth largest incorporated urban area in Alberta, the largest Town in the Province and the thirteenth largest urban area in the Prairie Provinces. Reference to the following table indicates our relative standing among the largest population centres (1974) in the provinces of Alberta, Saskatchewan and Manitoba.

Province	Cities	Population	Largest Town	Population
Manitoba	Flin Flon	10,017		
	Portage la Prairie	12,900	Selkirk	9,331
	Thompson	21,000		
	Brandon	34,500		
	Winnipeg	577,923		
Saskatchewan	Meville	5,300		
	Weyburn	8,900		
	Lloydminster	9,000	Melfort	4,900
	Estevan	9,500		
	North Battleford	12,971		
	Yorkton	14,500		
	Swift Current	15,950		
	Prince Albert	29,150		
	Moose Jaw	31,854		
	Saskatoon	132,200		
Alberta	Regina	148,200		
	Drumheller	5,888		
	Wetaskiwin	6,605		
	Camrose	9,194		
	Grande Prairie	16,500	St. Albert	19,418
	Medicine Hat	27,430		
	Red Deer	30,107		
	Lethbridge	45,612		
	Edmonton	445,691		
	Calgary	453,812		

It is evident from a perusal of the population of the 25 cities in the Prairie Provinces that St. Albert has for all intents and purposes been a de facto city for a number of years. The council decision to apply for city status simply recognizes this fact.

A careful examination was carried out regarding the effect that city status would have on our financial standing. Discussions with representatives of various Provincial Government Departments have indicated that St. Albert would qualify for significantly greater Provincial Government contributions under existing cost-sharing arrangements for road construction in a city vis-a-vis a town. It is estimated over the next five year period that the net difference in favour of city status amounts to approximately \$2.8M. One additional potential economic benefit accruing to a change in city status stems from a recent letter received from the Department of Parks, Recreation and Wildlife which indicates that an additional 70% regional funding on our multi-purpose recreational and cultural complex would

be greatly facilitated if St. Albert decided to change its urban status.

It is felt that a decision by the Cabinet to grant St. Albert city status would amount to an endorsement of our community by the Provincial Government. The establishment of St. Albert as a city would clearly indicate to Edmonton that the Provincial Government's implicit policy of providing a choice of community lifestyles to individuals locating in the Edmonton metropolitan area would be continued. The spectre of a giant public monopoly - the city-state of Edmonton - engulfing and dictating the manner and way that the residents of St. Albert, Leduc, Sherwood Park plan and develop their communities would be virtually eliminated.

In conclusion, the social and economic benefits derived from acquiring city status greatly exceed the costs. The change in Town status is a logical part of the development of the St. Albert settlement initiated by Father Lacombe in 1861. The challenge facing all of us is to carry out and complete the planning of our commu-

nity in such a way that we keep our high quality of life styles and control over our own affairs.

## Save the skunks

It has come to my attention that skunks in St. Albert are caught by traps and then destroyed by exhaust from a town truck. After checking I was informed that this was condoned by the SPCA and the Fish and Wildlife Assoc.

Surely mankind after having encroached further and further year by year into the domain of the animal kingdom could find it in their hearts to keep these animals alive. Certainly when such wild creatures are caught have them checked in case of rabies, but then, if healthy LET THEM LIVE - take them out in the wilds and release them.

We read many articles on the way man is causing the extinction of many of our wild creatures. For pity sakes let us stop putting the almighty dollar first and foremost, and stop putting a price tag on humanity. Take the time and effort to take care of our wildlife, even if "ONLY A SKUNK."

If this keeps up future generations of children will be reading stories about our wild creatures starting - "Once Upon a Time."

## Respect school patrol

I'm from Ronald Harvey School Safety Patrol. Our job is to make sure the children cross the street safely but some drivers are making it difficult.

Our stop signs are only out when the road is clear. However cars approaching our stop signs while children are still crossing will often not stop and wait until we put them down again. This means the cars begin to

move before the children are right across the crossing. I worry in case one of the smaller children decide to run back again.

We are doing our very best to make it safe for children to cross our busy roads. Drivers could make our job easier by please respecting our stop signs.

Sharon Dobrzt  
School Patrol Member.

# Safety Council plans for year ahead

The St. Albert Safety Council, meeting on Thursday, November 27, spent a large part of the evening in discussion on budget requirements for the coming year. There was some preliminary discussion on the programs for the year, these being divided up, month by month, in such a way that safety hazards likely to occur at any special season receive attention and publicity at

that time.

In January, 1976 the defensive driving course will start on the second Tuesday - January 13. The St. John's Ambulance First Aid course will commence toward the end of the month, and this also will be advertised in due course.

A series of swimming courses are being planned: for bronze medallion, senior leader, dual instructor and

national lifeguard. These courses will be partially sponsored by the Safety Council. In order to hold the courses, a minimum of 10 and a maximum of 20 for each course is required. These courses will account for the highest Safety Council expenditure during the year. But in order to have enough of our own young people qualified as life-guards and instructors by the time we have a year-round pool, the Safety Council feels this should be encouraged and it should endeavour to give all the assistance it can.

The courses will be going from January through March initially but hopefully to continue through the summer.

In February, Home Safety will be stressed, together with a meeting with a representative of the Canadian Mental Health Association. In April a meeting of Block Parents and prospective new Block Parents is planned. Child Safety Week is in May, and organization of the pedal pushers will start.

In June, the emphasis will be on Water Safety, including boating and general holiday safety information. The pedal pushers program will get underway. Rural Safety Week is the last week in July, but as this is the holiday season, no other special event is planned.

In September, a Block Parent blitz, similar to this year's, will go on in the elementary schools. Fire Prevention Week follows in October.

In November, a saturation

First Aid course will be offered. This is a crash course, much less intensive than the course offered in January, but giving some essential basic information.

The first week in December will be Safe Driving Week.

Defensive driving courses will go on each month except July, August and December. Following this planning of activities, the budget was discussed and drawn up for submission. Cuts were made where possible, particularly where costs had been found to be less than expected this past year. The highest costs are expected to be in the Block Parent program, as this is still in the expansion stage, and in the sponsorship

of the swimming courses.

Next Safety Council meeting will be at 8 p.m. December 11th, the last meeting of the year.

## SAFETY COUNCIL SUGGESTS MEASURES FOR MEETINGS

Following discussion at the annual meeting of St. Albert Safety Council, five recommendations were made for community group meetings.

The leader or other designated member should have a plan for emergencies.

Certain phone numbers should be immediately to hand: Smith's Ambulance - 426-3232; Sturgeon General Hospital - 459-5501; RCMP -

459-7721; Fire Dept. - 459-7777.

While it may be necessary to call a doctor, remember your doctor may not be on emergency duty, and valuable time may be lost trying to contact him. The Hospital will know who is on duty and will contact him while you arrange transportation.

If the patient is in a state of complete collapse, call the ambulance first - it has some distance to come, and the sooner it is enroute the better.

Know how to give mouth to mouth resuscitation. Use such First Aid as you can, but when in doubt, wait for skilled help to arrive.

## Festivities planned for Senior Citizens

On Sunday afternoon, December 14, the St. Albert Legion will be holding a Christmas party in the Centre for St. Albert's seniors. It will start at 1 p.m. The Legion's plans are unknown at this time - but it should be a good party! So that members of the Legion will know how many people to cater for, names are being taken at the Centre when it's open. Or phone 459-6601, Ext. 55 and leave name,

address and telephone number if you would like to attend.

Then, on Wednesday, December 17 the St. Albert Lions Club are arranging a bus tour to Edmonton to see the Christmas illuminations. Once again numbers are important and anyone interested in going should leave name, address and telephone number at the Centre of phone 459-6601, Ext. 55.

## Contract signed for Rodeo 115

The announcement of the site of the Multi-Recreation facility left the St. Albert Kinsmen with uncertainty as to where Rodeo 115 would be held. They then began the long uphill chore to retain this community minded endeavour which has been a part of St. Albert for 10 consecutive years, drawing thousands of visitors to the town annually. The Rodeo number (115) marks the age of the town, founded in 1861.

In September, it was announced that new grounds had been leased for three years and would be located one mile east of St. Albert on Sturgeon Road.

Agreements have now been signed with Reg Kessler, stock contractor, guaranteeing once again top notch entertainment. To induce name riders, the Rodeo Committee has to guarantee in excess of \$3,500 in total purses.

Midway rides will be handled by M. F. Wagner Shows.

The Kinsmen are hoping to add several new features to Rodeo 115 to ensure the town of continuing notoriety

in having the 10th largest outdoor Rodeo in Canada.

## Strike hurt but local shop backs government

The postal strike is over, but the Candlelight Card Shoppe in Grandin Shoppers Park will not fully recover the loss of Christmas sales it suffered. Mrs. Jean Vandenberg, co-owner with her husband Ralph, said the last two weeks of November and first week of December are when the shop usually sells a high volume of boxed cards. It was still able to sell gift wraps, ornaments and decorations related to Christmas during the strike, she said, but had sold only about five per cent of its greeting cards.

"If the strike continued after December 5," Mrs. Vandenberg said, "we would have considered the sale of greeting cards a complete

write-off. The shop has lost selling gifts and cards overseas, and even though the strike has ended we may have 50 per cent of our cards left over. "Usually we don't have enough after the holiday to put back on the shelf at half-price."

The Vandenberg's were prepared to lose up to \$20,000 worth of business rather than see the government give into the wage demands of Canadian Union Postal Workers. A public service such as mail delivery should not be allowed to have strikes, Mrs. Vandenberg stated.

She believes the season's mood and spirit starts when people purchase box cards to mail distant relatives and friends. "But the strike has

killed much of the spirit for many Canadians by making the good-will gesture of sending the season's greetings on a card a last-minute rush," she said.

Another Candlelight Card Shoppe in a big Capilano shopping centre does not have the community back-up the Vandenberg's have received in their St. Albert shop, Mrs. Vandenberg said. "I'm grateful a lot of townspeople have been patronizing

the shop because they felt we needed the business," she said. "But our sales of wedding invitations, sympathy cards and writing paper have been at a standstill."

The shop cannot send back unsold cards to companies it deals through distributors with such as Hallmark Card Co. The cards are purchased every February, well in advance of Christmas. "Sure they could be saved and sold

the following Christmas," Mrs. Vandenberg said, "but Hallmark would have to eventually raise the cost of their cards to recover their loss of business. Cards range in price today from 15 cents to \$3 and about \$7 per box."

If the strike had not ended, the shop was relying on the sale of cards bought for personal delivery within the town. Although people purchase counter cards for their closest family right up to the last day before Christmas, it wouldn't make up the loss of box card sales if the strike was still on, said Mrs. Vandenberg.

Attempts were made to

ship our gifts and cards by bus, she said, but the long line-up of people with the same idea discouraged us. Telephone calls made to arrange and confirm orders were also considerably high as a result of the strike, she noted.

"There are people who only send Christmas cards by habit," Mrs. Vandenberg remarked, "and they may have looked on the strike as a relief from the task of buying box cards, signing and mailing them to acquaintances. But for many card-senders, it is the only means of sending season's greetings to distant friends and family."

## Board votes to join film library

Approval in principle was given for the district joining the Yellowhead Film Library at Wednesday's board meeting. Along with the film service, the board approved the inclusion of several other resource materials in the regional library. Final approval for participation in the regional library will depend on additional information on the cost and the organization. This decision is a somewhat different approach to that taken by the Catholic Board, which recently elected to stay out of the library at this time, and plans to review the situation when more information becomes available.

### EDUCATION MEETING POSTPONED

Education Committee Chairman, Don Munro, made a motion to cancel the education meeting scheduled for Wednesday, December 3. The motion was carried. He then announced that the next education meeting will be held on the first Wednesday in January. For its topic, Mr. Munro would like student representatives from each school to be invited to discuss their concerns and needs. This would be a follow-up to the presentation made to the trustees in June by two grade 11 Paul Kane students.

### JOINT USE REPORT

Mr. Munro also reported on Joint Use. He had figures available on the use of district schools by groups on a monthly basis. 178 sessions took place in October which involved 758 people over a period of 400 hours.

### NEW GRANDIN SCHOOL

Trustee Murdo MacFarlane, buildings and property chairman announced that Mr. Stan Hodgson from the firm Grove and Hodgson Architects, has been awarded the contract to design the West Grandin Community Core School.

The regular board meeting scheduled to be held on December 24 is cancelled.

# Council Briefs

Following are some of the highlights from the regular meeting of St. Albert town council Monday night. All councillors were present with Mayor Dick Plain in the chair.

**LETTERS WILL** be going out from St. Albert to the Provincial and Federal Solicitors General asking for a clear commitment and help in meeting St. Albert's future RCMP policing needs. A letter will also go to MP Marcel Lambert to bring the matter up in the Commons. The Federal Government has announced reductions in the financial commitment for policing in Western Canadian municipalities.

**COUNCILLOR ROD THRONSDON** had a brief set to with Mayor Dick Plain on matters concerning the proposed recreation complex. He felt that in spite of "digging" done by the town in giving all the answers to the public some questions remained unanswered. He pointed out that with heavy use of the facility, turning traffic from the complex on to Highway Two would increase the evening peak hour from 5 to 8 p.m., with some 100

events taking place." This raised the problem of road widening near the facility an answer to which he felt had not been given. He also complained to the mayor that operating costs for the complex would swell to \$599,000 by 1980. Coun. Thronsdon, who had brought up his doubts while discussing a letter from St. Albert residents for detailed answers on the whole recreation complex issue also pointed out that the mill rate would more likely be 5.6 than the 3.88 figure previously stated. Mayor Plain felt that St. Albert had answered the residents questions fairly and "you can only answer what you're asked."

**ST. ALBERT** would like a firm commitment from the Government of Alberta on the proposed Athabasca University. Lands for the university are available in St. Albert and Mayor Dick Plain who is a lecturer at the University of Alberta would like to see the degree granting institution come to St. Albert rather than see Edmonton get another university.

**COUNCIL DECIDED** that

it will try to stick within the 10 per cent wages and price controls set by the Federal Government, after hearing that charges on St. Albert residents mortgage rates could go up by \$100 or more a month over the next five years. This represents a 30-35 per cent increase for some residents.

**THE ST. ALBERT** Representative Pee wee BB Hockey Club is asking the town for a donation of \$500 to help cover the expenses for a trip to the annual International Pee wee Hockey Tournament in Quebec City this winter.

Acceptance of the St. Albert team is a formality. Total expenses for the trip amount to \$6,231. About half the amount needed to cover the expenses is coming from raffles, bottle drives, flyer deliveries and donations from parents. It is expected the rest will come from government donations, businesses and service clubs. The letter from the St. Albert Club requesting the help was referred to the Parks and Recreation Department for further study.

**COUNCIL CARRIED** six recommendations arising out of the administration committee meeting held November 24th.

As a result of that meeting council will seek \$3,500 in liquidation damages from Harsim Construction.

•Will adopt in principle the idea of placing signs on town sites with descriptions showing the type of development planned for the site.

•Also council decided that an appreciation dinner will be held in recognition of the volunteer services provided by those who serve on various town boards and commissions.

•Council also carried a motion allowing the use of community clubhouses for social functions with appropriate regulations and rental rates being made to apply.

•A motion was carried that council - as part of approving construction for an addition to the Paul Kane High School - impose conditions for the

installation and cost sharing, to the extent of 50 per cent per fire hydrant.

•The town moved that student parking requirements be provided on the site of the Paul Kane High School in line with the town's regulations.

**COUNCIL GAVE THIRD** reading to a bylaw which will enable it to apply to the Local Authorities Board to borrow \$295,000 for constructing a municipal building.

**COUNCIL GAVE THIRD** reading to bylaw 34/75 providing for the imposition of off-site costs on a 64 unit development off Grosvenor Boulevard and Gainsborough Avenue. Council also indicated that public access will be maintained to the site at a point near the Westwood Apartments owned by Windsor Holdings.

**COUNCIL DECIDED** to hold a public hearing January 5 before rezoning four lots on Highway Two south of St. Vital Avenue from Highway Commercial to Central Business Commercial. This was in connection with town bylaw 37/75 which is a bylaw amending the town zoning and building bylaw 23/71.

**COUNCIL IS STILL** mulling over bylaw 38/75 which entails setting up St. Albert's

municipal planning commission. A number of minor amendments to it were moved by Councillor Margaret Smith. But council still seems to want to know more about what powers the commission would have in relation to council itself. Councillor Myrna Fyfe feared that the new board might be able to circumvent council when dealing with developers. But Mayor Plain pointed out that if there was any appeal against the commission it could come up before the development appeal board.

So far council has only been able to give the bylaw first reading.

**THERE'S NO WORD** yet

on the state of the agreement between St. Albert and the developers of the Abbey Glenn shopping centre.

The town, the president and vice-president of Abbey Glenn were to have met early Tuesday but late Tuesday Mayor Dick Plain was not available for comment on the stage of negotiations.

Earlier, at St. Albert council's regular meeting last Monday night Mayor Plain apologized for the delay on the negotiations.

Councillor Margaret Smith said then that unless the town gets a commitment for 1976 on construction then it should look elsewhere for another developer.

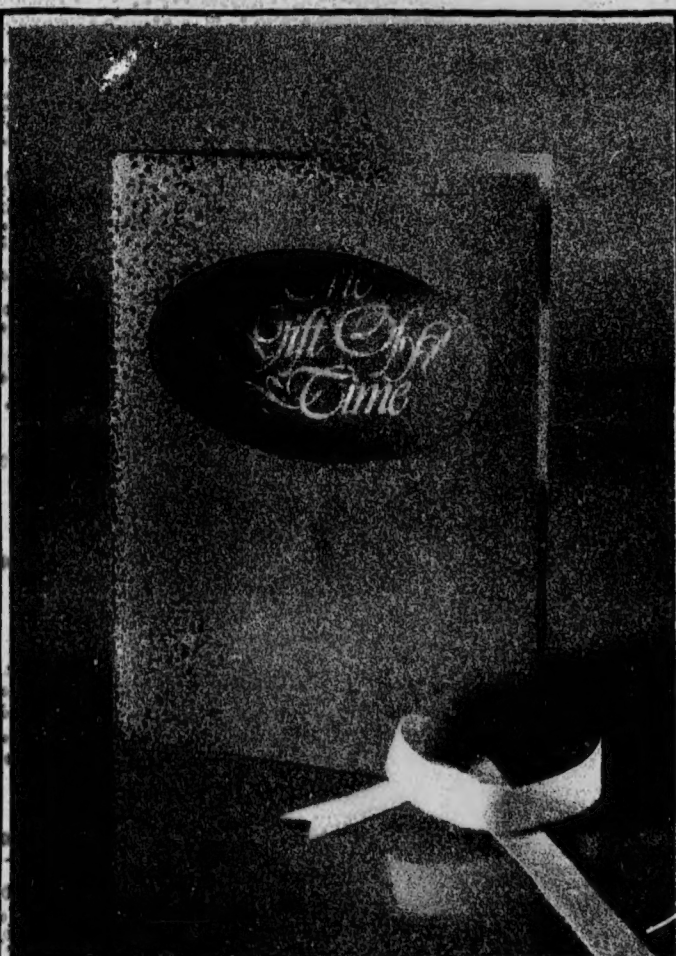

## Fish & Game features Arctic Char fishing

The regular meeting of the St. Albert and District Fish and Game Association on Tuesday, December 9 will feature a film and speaker on Arctic Char fishing. The meeting will be held in the Community Hall, beginning at 8 p.m. There is no charge and refreshments will be available.

In addition to the spectacular fishing film there will

be a film entitled "Vital Heritage." This film was made for Duck's Unlimited and emphasizes the importance of swamps, bogs, and marshes. It covers all aspects of these wetlands from insects, fish, small animals, birds, and even big game animals.

This is the last Fish and Game meeting for 1975.

# Local hospital expansion seems essential

It looks as if the Sturgeon General Hospital is going to have to expand if it isn't going to burst at the seams.

Although not in so many words, that was the theme of the monthly meeting of the Sturgeon General Hospital District #100, November 26.

And little official business was transacted at the meeting because only four board members were in attendance out of a possible eight. The board needs a quorum of five if official business is to be done.

Board members have been given a copy of a 101 page presentation on the expansion foreseen at the hospital over the next 10 years split into five year stages. Because this is still in the conceptual stage, there are no estimates as yet on the costs of construction.

Hospital administrator Cliff Keyes explained that the expansion is pretty comprehensive based on the increased use of facilities over the next 10 year period.

The expansion submission will go to the Alberta Hospital Services Commission and covers better laboratory facilities, pharmacy, emergency room day care equipment, as well as expansion of out-patient surgery and medical care, x-ray, physiotherapy and respiratory therapy.

The executive committee of the AHSC will review the presentation before it goes on to the Health Minister Gordon Miniey.

A number of areas at the Sturgeon Hospital indicate the need for expansion not least the obstetrics department. Figures quoted by Dr. A. Klein, chief of the department of Family Practice show that the case load in that department has skyrocketed from 28 deliveries in 1970 to 311 last year. The figure for 1975 up to the end of October has already reached 292 and 39 more women are on the list for deliveries in December.

Dr. Klein pointed out that there is a need for a second

case and delivery room at the hospital.

There is also a need for better inhalation therapy facilities said Dr. Klein, adding that patients needing this treatment have increased recently by leaps and bounds to 30-35 a day.

Chairman of the hospital board John de Bruijn said that if there was ever the danger standards of patient care were threatened at the hospital, this might be averted by introducing portable type buildings there.

Recent introduction of volunteer ambulance services in parts of the MD of Sturgeon also means an increase in the emergency services load.

Dr. R. Narang, chief of the division of Rehabilitation medicine giving his report to the board said that he would like to see a chronic chest patient program developed.

A gymnasium for physiotherapy patients was also requested along with a request for a reduction in the number of physiotherapy patients currently up to 30 a day.

One really bright spot at the Sturgeon General Hospital, which is suffering from over-utilization of space, is that the staff-turnover am-

ong nursing personnel is down 50 per cent from last year.

Mr. Keyes said that this is better than the rate for most city hospitals and puts it down to a "good relationship with our people."

Most nursing staff seem to leave because husbands are transferred to other jobs or married nurses are pregnant.

## ROAD PROBLEM TO BE SOLVED

An extension of Mont Clare Place near the Sturgeon General Hospital which was closed off by St. Albert about a year ago has been causing the hospital problems.

A hospital official said that the closure had forced too many drivers, seeking access to the Red Rooster and other shopping facilities on McKenney Avenue to come through hospital parking facilities endangering the safety of patients coming to or leaving the hospital.

Apparently St. Albert had thought that the extension was too narrow for safety anyway, though the land near the closure is owned by the hospital.

St. Albert, in a letter to the board seems to be aware of the problem caused by the closure and has offered to clear the difficulty in consultation with the hospital board.

## SPORT REPORT

By Dale Roy

St. Albert High ended its volleyball season last week-end in Westlock. The boys team, who won their Zones against Stony Plain last week, lost out at the Conference meet held at Westlock to the very strong Archbishop Jordan Scots. The girls team surprised everyone, even Westlock, by losing to the strong Westlock Thunderettes. The girls team who have won all four of the tournaments they entered, have always defeated Westlock in regular season play,

and twice in the finals at various tournaments. Unfortunately, neither the girls nor the boys team will go to Provincials... a tough way to end the season for two of St. Albert High's best-ever volleyball teams.

In curling, the two SAHS teams are doing quite well. The senior team is Ron Rouault, Alan Brenneis, Daniel Ronsky, and Bernard Hartmetz. The junior team is Angus McTavish, David Raboud, Alex Berze and Russell Jordan.

The basketball season is almost here, and this year

just might be the year that the SAHS teams finish on top.

## SOCIAL REPORT

By Jeannane Kathol

To catch up first of all on last week's news, the remaining two winners of the Students Union sponsored Grey Cup pool were Kathy Hoffart, first quarter, \$25., and Pat Lukay, half-time, \$50. They held the winning two tickets that were part of the 123 unsold until last Tuesday.

The highlight last week was the pep-rally held for our

school's volleyball teams on Friday. Both the boys and the girls teams were introduced to us at a general assembly, and then the cheerleaders led a few cheers, followed by a mixed exhibition game between the two volleyball teams.

## STUDENTS OFF TO GREECE

The Educational Cruise meeting was also held on Friday. Mr. Chalfours and 15 of our students are leaving this Friday for a land-based in-depth tour of Greece. They will spend a day and

two nights in London, six days in Athens plus nearly a week in the Saronic Islands. An Oxford headmaster is in charge of the educational program, and there is a major entertainment plan for each night such as discotheques, movies, basketball games, etc.

## MOUNTAIN TRIP ENJOYED

The Movers-sponsored trip to Maligne Canyon went off well. Twenty-eight students, Miss Chris Burkart and Peter Byl (the bus driver) arrived at this beautiful youth hostel late Friday night. They spent the next 1½ days exploring the Canyon, mountain-climbing, visiting nearby Jasper, and relaxing with card and board games and sing-songs, with everyone chipping in to cook the meals. They arrived home at suppertime on Sunday.

The Pitch chocolate drive was held Monday night in St. Albert and area, and is on

tonight in Edmonton. The proceeds from the drive are going towards Pitch's Quebec tour this coming summer. More fund raising activities such as bake sales will be sponsored later in the year. The Pitch and Spice recording will be made after Christmas for sure.

## SHADOWFAX COMING

Mover's are holding a dance this Saturday night, December 6th at 8 p.m. in the Parish Hall. Shadowfax will be playing. Christmas carolling is coming up next, on December 23.

The Student Executive is busy discussing our New Year's dance. Will it be a Grade 11 prom, or just a regular dance? Social convener Edna deChamplain is investigating both possibilities. Meanwhile, the Harlem Clowns basketball game had to be cancelled and postponed until January or February. Also, our annual Christmas hamper for the needy is being organized.

# Presbyterian moderator to visit St. Albert

The Rev. Dr. David William Hay, elected Moderator of the 101st General Assembly of the Presbyterian Church in Canada in June, is to visit St. Albert on Monday, December 8. An informal reception is planned to be held at Braeside Presbyterian Church beginning at 6:30 p.m., with

dessert and coffee, followed by a brief address by Dr. Hay. A cordial invitation is extended to all residents to attend.

Dr. Hay was born in Capetown, South Africa in 1905, the son of Salvation Army officers. His father, Mayor David Hay, was principal of the officer's training

college there and editor of the South African version of War Cry.

When his family returned home to Scotland, young David Hay secured his release from the Salvation Army and re-entered the family's Presbyterian heritage.

As an undergraduate at the University of Edinburgh he specialized in the study of philosophy, the result of which impressed upon him that religion must be based on revelation. In 1929 he was graduated with first class honours in philosophy and was awarded the scholarship for the best standing in mental philosophy in the Scottish universities.

During his theological studies at New College, Edinburgh, David Hay's studies made him conscious of the fact that theology must be biblically based and that the church reformed must always be under reformation.

After post-graduate study in Germany, some of it under the internationally known Karl Barth, the Rev. David Hay was called to be minister of St. Margaret's Church, Dunfermline, Scotland. During his ministry at St. Margaret's he was married to Christina, daughter of Sir Charles and Lady Reid.

When World War II broke out David Hay was commissioned as a chaplain with the British forces and served

with distinction with the First Battalion of the Scots Guards.

In 1944 the Rev. David Hay was inducted into the chair of systematic theology at Knox College, Toronto. After 31 years of outstanding academic contributions, he retired this spring from the College faculty. In recognition of his deep knowledge and firm faith, honorary degrees by several Canadian universities have been conferred upon him.

In 1960 Dr. Hay was elected president of the Canadian Council of Churches. For 12 years he served on the faith and order

commission of the World Council of Churches, and for many years worked as associate editor of the Canadian Journal of Theology.

In June of this year, at the annual general assembly meeting in Montreal, Dr. Hay was elected moderator of the assembly, the highest post in the Presbyterian Church in Canada. Beside visiting congregations in Western Canada, Dr. Hay is in the Edmonton area at this time to record the CBC Meeting Place program from First Presbyterian Church, Edmonton. The telecast is to be viewed on Sunday, December 28th.

Now that winter is in full force and Christmas is just weeks away, the library continues to be a busy gathering place for everyone from skiers to spring gardeners.

As always we try to keep up with the latest books published in the market and we have most of the books on the current bestseller list:

Berton Pierre - Holly-wood's Canada; Davies, Robertson - World of Wonders; Diefenbaker, John - One Canada; Galbraith, John Kenneth - Money; Hailey, Arthur - The Moneychangers; MacLean, Alistair - Circus; Mowat, Farley - Snow Walker; Newman, Peter C. - The Canadian Establishment; Pearson, Lester - Mike, Volume 111; Rohmer, Richard - Exodus, U.K.

There are many activities of the library in December. The pre-school children can look forward to a Christmas party and puppet show on Wednesday, December 10 from 10 - 11 a.m. Liesbeth Bakker and Gwen Ingram have planned an hour of Christmas fun for them. It will be a combination of the regular Tuesday and Wednesday groups and the last Story Hour until after Christmas.

Eight to 12 year olds are welcome to come and make Christmas decorations with Effie Nelson and Margrit McCreath. We'll do some crafts you can take home and at the same time decorate the library. This activity will be from 4 - 6 p.m., on Tuesday, December 16 and Thursday, December 18. Bring old Christmas cards if you can.

## Mavericks make it seven in a row

Healy Ford Mavericks strengthened their hold on second place in the Central Alberta Bantam Hockey League with three more wins this past week.

St. Albert has played 11 games in the league which began November 1st and holds an eight win, two loss record with one game a tie.

The Mavericks played in Ardrossan Thursday night and fell behind 0-1 in the first period but got two goals back in the second to take the lead. They fired in seven unanswered goals in the third period to win 9-1.

Ben Chabot had an excellent night in the Maverick's nets and but for the one powerplay goal couldn't be beaten. Scoring for St. Albert were Breen Neeser with three, Dave Kreway and Troy Murray with two apiece and singles to Terry Harkness and Pat Poulin.

### CAMROSE GAME ROUGH

On Saturday night in Camrose the Mavericks started off with a bang notching two goals in the first five minutes. They never looked back, skating to an eight to three victory in a rough, hard hitting game that saw 32 minutes in penalties handed out in the third period.

The team was led by Peter Twork and Murray each having two goals and an

assist with the balance of the scoring spread among Mike Taschereau, Breen Neeser, Tim Shipanoff and Brad Scott.

Sunday at home to Leduc the locals again fell behind 1-0 in the first 20 minutes which was a rather dull period because of the close checking. But in the second the Mavericks opened up their free wheeling style of play and took a 4-1 lead on goals by Murray, Bernie Joyal, Lorne Christensen and Twork. The third period was just underway when St. Albert's Brad Scott scored from the blueline, while playing a man short, and Neeser added another two minutes later.

### LEDUC COACH REMOVED PULLED TEAM

With about 15 minutes left to play a shouting match began at the Leduc bench between the coach and players of the visiting team and the officials. Because of this the Leduc coach was removed from the bench but instead decided to pull his team off the ice. The referees gave the customary two minute warning and when the team did not reappear the game was called off with St. Albert leading 6-1.

Next home game - Sunday, December 7th - 10:30 a.m., against Fort Saskatchewan.

## Barons accepted in Wrigley event

St. Albert's midget "A" representative, the Sport-shop Barons, have been accepted in the Wrigley tournament slated for Grande Prairie December 26 to 29.

The Barons, undefeated todate in the North Central Midget Hockey League, will be one of three known northern Alberta teams competing in the prestigious tournament.

The Grande Prairie winner will advance to the Canadian championship involving

teams from all of Canada's 10 provinces, scheduled for Calgary in late January.

Edmonton Jenner Pontiacs, undefeated in their first 11 games in Edmonton hockey action, and Grande Prairie, will also have teams.

Other teams entering include Red Deer, a team playing in a juvenile league in Red Deer, Brooks, a team from Calgary and a representative of either Lethbridge or Medicine Hat.

In exhibition tilts leading up to the tournament, Ed-

monton Jenner's defeated Red Deer 7-5, and Red Deer defeated St. Albert 5-3. St. Albert had a 3-1 lead in their match in Red Deer going into the third period, but quit skating and allowed Red Deer to bounce back with four straight goals.

The Barons intend to leave for Grande Prairie late Christmas Day and will be staying at the Grande Prairie Motor Inn for the duration of the tournament.

Each team is guaranteed two games in the modified

double-knockout tournament and draws are expected to be announced within 10 days.

Members of the Barons making the trip include: goalies, Dennis Lafleur and Glen McRae; defenceman, Gilbert Longpre, Dale Malanichen, Dave Fraser, Darrell Bokenfohr and Murray Riddell; and forwards, Real Huot, Don Ouellette, Don Wells, Rick Kreway, Ron Sander, Jeff Harmon, Blaine Galbraith, Larry Sander, Ken Strand, Paul McCann, Dave Shipanoff, and Graham Brown.

## Balers clean up in Calgary

St. Albert's New Holland Peeewe BB Balers journeyed to Calgary for three games Saturday and Sunday. Balers opened strong Saturday afternoon against WHCA (West Hillhurst) as they skated to a 9 to 4 win. Coach Al Laplante had the boys playing good hockey and they completely outclassed the West Hillhurst team.

Ken Myck continued his scoring ways with a three-goal afternoon to pace the winners. Other goal scorers were Odinga with a pair, Gray, Hunt, Clark and Kelly with singles. Assists were awarded to Hunt and Gray with two, Odinga and Kelly with one each. Gray, Kelly and one of Myck's goals were unassisted efforts.

In the evening encounter on Saturday the Balers played the Calgary Varsity Stars and again started fast with a goal by Myck at the 40 second mark. They never

looked back on the way to a 6 to 1 win. The goal scoring in this game was divided, with six players contributing to the scoring. Scorers in addition to Myck's opener, were Hunt, Hammett, Sander, Laplante and Kelly. Assists went to Poulin, O'Neil, Laplante, Hammett and McKeage. Myck's goal was unassisted.

Following Saturday's two games the St. Albert boys played again Sunday afternoon against West Hillhurst Peeewe. This was the best test for the locals over the weekend. Calgary started the scoring early in the first period and St. Albert had to play catch-up hockey. They came back to even the score after the first period when Myck scored from Kelly.

Gray got the locals ahead early in the second period, only to have Calgary tie it before the period ended. The second period ended in a 2-2 tie.

In the third period Calgary again went ahead at the 10 minute mark. Gray again tied it up with his second goal of the game.

With only seven minutes remaining Calgary took the lead again. St. Albert came right back with four minutes remaining to tie it up, this time it was Kelly from McKeage.

With less than a minute to go Myck wound up and gave the locals the victory with an unassisted goal. This completed a very successful weekend and the Balers outscored the Calgary teams 20 to 9 for three victories.

Following this weekend's play, Coach Al Laplante stated he has completed his team roster for going to Quebec for the Peeewe

Tournament in February. If they can stay together from now till February as a unit, they should give a good account of themselves.

The members of the team are Goalies Ron Malo and John Sexsmith along with Ken Myck, Murray McKeage, Dennis O'Neil, Brent Weller, Scott Holliday, Rick Gray, Don White, Paul Kelly, Brian Hunt, Jamie Sander, Danny Laplante, Mitch Poulin, Brad Hammett, Norm Odinga and Dean Clarke.

The New Holland Balers will host Sherwood Park #1 team in St. Albert Arena on Saturday (December 6) at 11:45 a.m. The following day they travel to Leduc for a 12 noon game against the Leduc Peeewe.

# Gymnastic display shows promise

/Flying off uneven bars during a St. Albert Gymnastics Club competition is Jo-Anne Ledgerwood, overall winner of girls 13 to 15 years old competing Saturday at Lorne Akins Junior High School. She placed first on the bars, second on the vaults, balance beam and mats. Although she was not able to display her skills on a trampoline during the competition, Jo-Anne says she does back lay-outs best on it.

Winners of \$3,000 and the second annual St. Albert Invitational Cash Spiel are: Bob Hawkins, left, skip, Ralph Killips, Craig King and Bill Keeley. They defeated the Dobry rink last Sunday. Thirty-two rinks competed in the four-day spiel.

St. Albert Gymnastics Club displayed underswing dismounts from uneven bars, back extensions on mats, squat-thrugs on vaults, back flips off a balance beam and other feats during a competition Saturday afternoon at Lorne Akins Junior High School. Jo-Anne Ledgerwood was awarded a placard for placing first overall in the more-advanced senior group, 13 to 15 years old. Susan Otto won first place overall in the junior group, eight to 12 years old.

Each girl was ranked on the difficulty of the skills she displayed and the smoothness she showed in putting her routine together. Eva Kubac and Lynda Benko of the senior group were presented with ribbons for placing second and third overall respectively. Mandy Langford of the junior group was second overall and Delynn Jackson third.

Four judges assessed the

skills and routines of about 40 girls. Mrs. Beverly Smith was formerly an Edmonton high school gymnastics coach and club instructor two years ago. Lori Hardin, Jayne Welch, Wah KingNg all of the University of Alberta gymnastics teams, made up the judging team. Miss KingNg also instructs the club's recreational group.

In the senior group competition, Miss Ledgerwood placed first on the uneven bars, second on the vaults, balance beam and mats. Miss Eva Kubac was first on the vaults and balance beam, second on the bars and third on the mats. Miss Benko placed first on the mats, third on the vaults, bars and beam.

In the junior group competition, Miss Otto was first on the vaults and beam. Miss Langford was second on mats, third with Leanne Wilson on the vaults. Miss Jackson was second on the

bars.

Deciding the top junior finalists was a tough one for the judges. Jill Munroe and Deborah Lotex tied for first on the bars, Terry Reid was first on the mats. Leanne Wilson placed second on the beam as well as tying for third place with Miss Langford on the vaults. Susan Lissey tied with L. Thryn Martin, Stevie Zdrill and Lani-Rae Wilson on the beam and was second on the vaults, third on the mats. Sheila Dick was third on the bars.

Miss Ledgerwood, 14, overall first place winner in the seniors competition, says she likes the trampoline and does back layouts best on it. Miss Langford, 12, placed second overall in the juniors competition and is having her second year with the club. "Gymnastics is good exercise for keeping off fat," she said. "I think I do back extensions on the mat the best."

## Generals blast St. Paul for 4th straight win

A pair of goals by Gary Ferguson led the Standard Generals to a 6-1 win Saturday night over the St. Paul Canadians.

The win was the fourth in a row for the Generals in the 11-team Central Alberta Junior League. Generals now have a record of six wins and three losses and are in fourth place.

General's big test will come this Sunday at home when they play host to the Edson Arrows. Arrows are undefeated in 13 games and scored a 7-5 win over the Generals the first time the two teams met. Edson scored two late third period goals to win that game. Generals Coach John Ewen and all his players are confident of stopping Edson's win streak come Sunday afternoon.

Saturday night in St. Paul, Ferguson opened the scoring for the Generals at 6:06 in the first period with Terry

Kieser and goaltender Ralph Chambers assisting.

Chris Hoffer blasted in a shot from the point at 12:21 to give Generals a 2-0 lead to end the period. Pat Frewer and Barry Medori drew assists on the goal.

Ferguson's second of the game with only 28 seconds gone in the second period put St. Albert ahead 3-0. Kieser set up the goal.

St. Paul scored their only goal of the game at 16:54 as J. P. Bielech beat Chambers on a screened shot.

Hardworking Matt Lister put Generals ahead 4-1 with 26 seconds left to play in the period with Frewer and Medori helping out.

Generals final two goals came from Steve Foreman (unassisted) at 2:36 and Scott Ballentine at 10:55 also unassisted.

St. Albert outshot the Canadians 49-34. Referee D. Demers com-

mented to Coach John Ewen following the game that it was by far the best and cleanest games he had officiated this year, and felt the Generals were a credit to

## Generals to meet Calahoo

St. Albert Standard Generals junior hockey club will be in Calahoo Arena Friday night (8 p.m.) for an exhibition game against the Calahoo Scorpions.

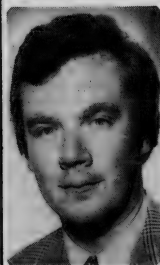

Generals play in the 11-team Central Alberta Junior League, while the Scorpions are members of the Sturgeon Valley Senior League.

Both clubs have not had too much ice time to date and it should prove to be a good exhibition game for the fans.

## AROUND TOWN

# Eagles stop Comets winning streak

Stony Plain Eagles halted the Comets five-game winning streak Sunday night in St. Albert with a close 8-7 win.

Comets were always behind in the game and just couldn't seem to score despite numerous chances in the last few minutes of the

game.

Eagles took a two goal lead after 20 minutes of play on goals by Pete Golka and Ken Wilson.

Comets opened the second period strong, scoring two quick goals in 38 seconds to tie the game. Rob Pearn scored with only 16 seconds gone and Harvey Kirkland tied it up 22 seconds later.

Stony Plain quickly re-

gained the lead on a goal by Wayne Sieben at 3.15 and had their two goal margin back on Perry Whan's goal at 11.30.

Blaine Georgy cut the lead to 4-3 on a goal at 11.46 only to see Eagles go ahead at 16.30 when Sam Belcourt scored.

Comets again narrowed the gap to just one as Bob Foote scored at 18.11. Len Haley put Eagles ahead 6-4 at the 18.50 mark but once

again Comets fought back as Perry Pearn scored with only 14 seconds left in the second period.

A total of nine goals were scored in the second period with St. Albert getting five.

The third period saw Stony Plain score at 9.20 on Belcourt's second goal of the game and Sieben picked up his second at 11.05 for a 8-5 lead.

Comets refused to give up and Kirkland connected at

the 11.17 mark, while Wally Monson tipped one in at 14.40. St. Albert had numerous chances late in the period to tie the game but couldn't find the mark. Comet Coach Dale Ripple pulled goalie Mike Stewart in the final minute for the extra forward and it almost worked with St. Albert missing some good chances.

Stewart had 44 saves in the St. Albert nets while Eagles Randy Zutz kicked out 33 Comet shots.

Referee Bill Curry was kept busy handing out penalties with Comets getting 12 to Eagles nine.

Comets next home game will be Friday against CFB Namao and on Sunday league-leading Fort Saskatchewan Huskies will be here.

Both men took home \$300.00 each.

W. F. Tinnings, Mike Stewart, A. Gagne took home \$100.00 each for having correct 1/4 period scores in the blue pool while T. Merryfield and Melvin Gardner were winners in the red set. One red set winning ticket was not sold.

The Comet management would like to thank all persons purchasing tickets, and congratulates the winners.

## Barons take Wetaskiwin to remain undefeated

St. Albert Sportshop Barons continue to roll along undefeated in the North Central Midget Hockey League, pushing their record to five wins and a tie in six games, with a 5-1 victory Friday over Wetaskiwin.

The Barons, who hold down first place in the eight team league, scored four unanswered second period goals at the St. Albert Arena in their win over Wetaskiwin Kings, and then completely outclassed their opposition in the third period, outshooting the visitors 20-1 but failing to score a goal.

St. Albert now plays at Stettler Sunday at 1:30 p.m., and is back home Friday, December 12 at 7:30 p.m., when they host Ponoka.

The Friday victory over Wetaskiwin was well deserved for the Barons, although they started slow and managed only a 1-1 first period tie.

Defenceman Dave Fraser blasted a 25-foot drive that caught the upper right hand corner at 3.06 of the first period, to give the Barons the lead, but at the 15-minute mark Steve Hucul beat Dennis Lafleur from the corner of the crease, to tie the game.

Centre Ron Sander, who has scored a goal in every one of the Barons' league games, put the Barons out in front for good at exactly the two minute mark of the second, when he skated the length of the ice and put a backhander along the ice into the corner while the Barons were playing shorthanded.

Graham Brown popped home a rebound at the nine minute mark, after Jeff Harmon fed Larry Sander perfectly in the slot and then at 15.55, Blaine Galbraith scored the prettiest goal of the night for the Barons.

Harmon threw a centering pass to Ken Strand, who then fed Galbraith breaking in just at the Wetaskiwin blueline. Galbraith stepped between the two defenders and walked in all alone, picking the top right hand corner just under the crossbar.

The Barons finished the scoring three minutes later on a powerplay when defenceman Darrel Bokenfohr drilled a low shot from 40 feet out that deflected in off a Wetaskiwin stick.

In the third, the Barons stormed to the attack but were unable to put any of their 20 drives behind the Wetaskiwin goaltender.

St. Albert took 11 of the 15 penalties, including a 10-minute misconduct to Don Wells for firing a puck intentionally over the boards.

The Barons also played exhibition encounters in Morinville Thursday and in Enoch Sunday, and skated to easy wins. However neither Morinville or Enoch expected to win, and were playing the games only for experience.

Both Morinville and Enoch would be registered as "C" teams because of their population size, while St. Albert, with more than 20,000 population, is registered "A."

The Barons scored a 13-1 victory over Morinville and 10-0 shutout over Enoch, although both teams showed they had some good players and will be contenders in their respective leagues.

## Hockey Coaches

The problem of filling out game sheets properly still exists with at least half of some 30 games played to date not properly done.

Horie team coaches are responsible for seeing that it's done correctly.

It's a simple chore to put down the division, A or B,

team name and numbers.

Incomplete sheets will not be recorded nor will points be given to teams or scorers, and it is hoped that coaches will spend a few minutes for each game to provide the necessary information properly.

# Holden scores hat-trick to lead Bruins over Knights

Bruins' defenceman Geoff Holden fired home three goals and added a pair of assists to lead St. Albert to an easy 9-4 win over Sherwood Park Knights last Tuesday in Sherwood Park.

Coach Ron Yanosik felt it was the best game the Bruins have played to date. The scoring spree was the most goals scored in a game this season by the Bruins and it was the most they had ever

scored against the Knights over four years.

Knights opened the scoring at 5:44 when Hank Barrie connected on a power-play goal.

Bruins leading goal scorer, Jack Basterash, tied the score at 11:08 and put the Bruins ahead at 16:20 with his second goal. Holden gave St. Albert a 3-1 lead at 16:51. Dennis Sanche assisted on all three goals.

Knights again opened the scoring in the second period with Dave Ritchie scoring at 2:22.

Bruins then took control of the game and scored three straight for a 6-2 lead after two periods of play. Holden scored at 5:02 and 8:14 with Tim O'Neil connecting at 19:51.

St. Albert rapped in three more goals in a row in the final period, two by Berni-

Bronson and one by Sanche. Knights scored the final two goals as Ritchie added his second of the game and Bruce McCaskill fired home the other.

Bruins goaltender Carey Winguist was a standout in goal stopping 32 Sherwood Park shots.

Referee Harvey Dodds had a fairly easy night calling a total of 19 penalties with St. Albert picking up 13.

Dennis Sanche and Jack Basterash also had five points each.

## LOST AT FORT

Sunday night league leading Fort Saskatchewan Traders scored four goals in the

first period and went on to defeat the Bruins 7-3 in the Fort.

Tim O'Neil, Jack Basterash and Dennis Sanche scored for St. Albert.

Bruins next home game will be Tuesday, December 9th when they will host Fort Saskatchewan.

JOHN ZITS, MANAGER

The 1975/76 Kinsmen Minor Hockey program is now underway with a total of 68 teams taking part, including four from Morinville.

Morinville had no league for their teams in Mite B, Pee wee B, Bantam B and Midget to participate in, and in exchange for some very much needed ice time they were allowed to enter our league.

A total of 132 games are scheduled for Morinville.

Divisions are made up as follows:

**Shaver:** This division has been split into A and B this season with six teams in each. Both divisions will play 20 games each.

**Mites:** This division will have eight teams in the A section and each club will have 21 games. The B section will have nine teams including Morinville and will play 24 games each.

**Pee wee:** This division is

the same as the Mites with A section playing 21 games each and B - 24.

**Bantams:** There are six teams in A section playing 20 games each while B division will go with seven teams and a 24-game schedule.

**Midgets:** Seven teams will complete in this league and each will have a 24 game schedule.

**Juveniles:** Only two teams have entered in this division and they will play each other 21 times.

In addition to the house league teams the Kinsmen also have a representative team in pee wee, bantam and midget leagues. All teams are doing very well.

The Standard Generals junior team rounds out the Kinsmen program.

# MD axes 790 unit mobile home park

The MD of Sturgeon axed a 790 unit mobile home development in the Sturgeon Valley at its regular development meeting November 27.

The \$4 million development which would have given the MD \$14 million in annual assessment and accommodation for 2400 people was axed following discussion by the MD and a petition from an MD resident who runs a hog operation near the proposed development.

Location of the mobile home development was to have been two miles west of Namao and about half a mile south of secondary road 635. Deputy Reeve of the MD Lawrence Kluthe said Friday there were valid reasons why the MD refused the application by developers Ken Richardson and Bill Stewart. One is that the area slated for the development has been zoned as isolated country residential and Mr. Kluthe said that there are probably a number of places where the development could relocate.

Before the MD met last Thursday for its regular development meeting, a petition with 13 signatures spearheaded by hog operator Reg. Nelsen was presented to an executive meeting of the MD, November 24.

The petition outlined a number of objections to the proposed development, the main one voiced was that it would be an additional burden to ratepayers due to new school construction required to accommodate an increase in students.

However, Mr. Richardson pointed out that the trailer park would be an indigenous

self-supporting unit, with its own water and sewer services, churches, recreation and also provisions for schools.

Other objections outlined in the petition were that the development would bring loss of local identity, the highway system would be overloaded, there could be an increase in vandal-

ism, the destruction of the wildlife habitat would be accelerated and high density urban development would be counter to high density livestock enterprises.

It was also pointed out that the development was in the NW/SE flight path of the Department of National Defence base at Lancaster Park. Parkland reserve would be

lost to the public, the development would create a social impact difficult to calculate, and high density urban development would create "population pollution" which must be avoided by proper planning.

Mr. Richardson, commenting on the problem of odours from the hog operation said it had been found there would

be no hazard to the development here, after he and the MD's development officer Gary Brownlee had inspected the site.

The developer said that he had been given a fair hearing from the MD and he was hopeful, along with Mr. Stewart, that another site could be found for it.

Mr. Richardson said that

the MD had already given him its approval for a mobile home development 14 miles northeast of Redwater on 35 three acre parcels of land.

The motion for refusal of the development, according to figures from Mr. Kluthe, was three against with one abstention.

## Morinville Seniors get win and tie

By Marg Bentz

Dex Dersch scored once and helped set up two goals by Jack MacAskill and Rick Pugliese on Sunday, November 30, in Morinville.

The league contest with Bon Accord wound up a 5-5 tie. A slight defense lapse late in the third period allowed Bon Accord to escape with a single point on goals by assistant captains Dean Lewis (2) and Larry Drapper (1). Jack MacAskill tied up the game in the first period. Rick Wright (assisted by Norm Bohl and O'Neil Chevalier) and Dex Dersch (assisted by Carl Royan and Guy Chalfoux) put the home team ahead in the second; which ended 3-2 for Morinville. Rick Pugliese and John Balsille then put what should have been the icing on the cake in the third. However Bon Accord came back in the final four minutes to salvage a tie.

Morinville Seniors edged Legal 9-8 in a high scoring contest, Friday, November 28. Carl Royan picked up a "hat trick" while Terry Maslyk and Rick Wright each

got a pair. Other senior scorers were Jack MacAskill and Roger Chalfoux.

### HERE'S A SWITCH

Everybody knows about dogs and trees - well - here's a switch.

The St. Bernard Club of Alberta has come up with an idea to put some fun into getting the family Christmas tree while helping youngsters who are less fortunate.

The Club is sponsoring a "Tree Drag Party," for you and your family, Saturday and Sunday, December 6th and 7th from 10 a.m. to 8 p.m., at the Namao Community Hall, two miles north of the Namao Airbase Main Gate.

Children will enjoy dog-sleigh rides while everyone

has a good time around the giant bonfire where refreshments will be available. Those of you wanting an evergreen can buy one and have it delivered to your car via Doggy Express. If you don't want to buy a tree, come anyway and join in the fun.

Money realized from the sale of trees will go towards the Muscular Dystrophy Association for research.

Added attractions this year is the visit with Santa who will arrive by helicopter. Parking facilities for 300 vehicles.

This is our fifth year and once again should prove to be a howling success.

For added information contact John Clements at 459-7200.

Namao UCW will hold their annual Christmas party in the Community Hall on Wednesday, December 10 at 8 p.m. All ladies of the district are cordially invited to attend.

Namao United Church White Gift Service will be part of the regular service on Sunday, December 14 at 11:30 a.m. A Christmas program and family night will be held on Sunday, December 21st starting at 7 p.m.

Congratulations to Mr. and Mrs. Jim Walter (nee Connie Ash) of Edmonton on the birth of a son, Michael Andrew and to proud grandparents, Mr. and Mrs. Harvey Ash.

Get well wishes go to Mrs. Ada Potter who had surgery last week. We all wish her better health soon.

The Namao 4H Light Horse Club held their demonstration night in the Community Hall on November 20th at 7 p.m. Winners were first Lanny Robertson and Roddy Forest. Second - Betty Gibson and Debby Gauthier. Honourable Mention - Margaret Forest and Lorri Porter. Thank you to the judges, Mr. and Mrs. Galloway. A light lunch was served to end the evening.

## Spotlight on Sturgeon Are people pollution?

These days we are always hearing how tight accommodation is and it is always good to hear that there are still people around who try to ease the situation with more residential developments.

Just this last week at the regular development meeting of the MD of Sturgeon two local developers presented their plan for a 2400 resident trailer park two miles west of Namao.

Developer Ken Richardson said that he'd been getting calls from people who want to locate in the park from as far away as Calgary. Also he pointed out that his park would be a self-contained unit with its own churches, recreation facilities and room for schools to take in the extra student population.

Anyway, the development was axed by the MD of Sturgeon, who a few days before had looked over a petition from several residents, one a hog operator, who were against the development locating near them.

In many cases the petition put up some good arguments why the development should possibly go elsewhere. However it was ambiguous in one area to the point of being offensive.

The petition mentioned that high density urban development would create "population pollution." Here it was probably meant that with the coming of the 2400 new residents there would be all the attendant problems associated in having to cope with extra human waste.

That is fair enough but the phrase population pollution does have a sinister ring to it equating people with dirt in the same manner as "air pollution." While care must be taken by all concerned to see that human wastes are adequately coped with, without fouling up the environment, we must never allow ourselves to fall into the trap of thinking that more human resources are not an asset.

The Alberta Government is only too aware of the growing pressures on the rural areas to make way for more "people development."

The opinion was expressed by MLA Jamison in the Legislature last week that such developments would be better located in the incorporated areas of towns, villages and hamlets of rural areas, where the services are already available and the increase in population would be welcomed. There is also the consideration that in the more isolated areas the devil might find work for idle hands to do.

## Vimy 4H Needles

By Lucie de Champlain

On November 19, 21 members and seven mothers were present to attend the fourth meeting of the Vimy Needles 4H Multi Club, held at the Vimy Hall.

At 7:30 President Suzanne Bilodeau brought the meeting to order, followed by the singing of O'Canada and the 4H Pledge led by Denise Huot, Francoise and Charlotte Lussan. Roll call was answered by a favorite school subject. The secretary then read the minutes and members discussed some old business such as the family dance. This will be held on December 12, at the Vimy Community Hall, from 8 to 11:30 p.m. A free lunch will be served. New business was then discussed and the meeting was adjourned.

Following the meeting the club heard speeches from the senior members who enjoyed themselves very much.

Next meeting was held on November 22 for the Sewing units and on November 24 the cooking units gathered for a work meeting.

Next meeting to be held on Saturday, December 6.

This is a good weekend to get the Christmas tree while at the same time helping less fortunate youngsters. Take the family out to Namao Hall where the St. Bernard Dog Club will have sleigh rides for the kids and your choice of tree will be taken to your vehicle by doggy express. Proceeds go to Muscular Dystrophy research. Photo shows the Jepsen children with "pop."

# Sichkaryk - Carey Wedding

By Norma Crozier  
Strathcona Baptist Church was the scene for the October 25th wedding uniting in marriage Nancy Eileen Carey and Lloyd George Sichkaryk. Two candleabra decorated with white bows and mums and bouquets in autumn colours decorated the church. The double ring ceremony was performed by the Reverend Wayne Stretch. During the service Mrs. John Wall sang "The Lord's Prayer," "The Wedding Song," and

"Whether Thou Goest," she was accompanied by organist Mr. Carl Rose.  
Nancy is the youngest daughter of Mr. and Mrs. Thomas Carey of Edmonton and Lloyd is the second son of Mrs. Elizabeth Sichkaryk of Carbondale.  
Given in marriage by her father the bride was radiant in her gown of white matte jersey trimmed with seed pearls on the neckline, sleeves and full train with matching headpiece and veil.

She carried a bouquet of white and coral roses, stephanotis and baby's breath.  
Attending the bride were, maid of honour, Miss Diane Andersen and her sister, Miss Colleen Carey. They wore identical gowns of coral polyester crepe trimmed with maribou and wore wide brimmed hats which were also trimmed with maribou. The bridesmaids carried bouquets of small white mums, coral baby's breath and yellow daisies. Kimberley Bezzola, niece of the groom was flower girl wearing a coral gown, juliet cap and a matching small bouquet.  
The groom's attendants

were Bob Crozier and Rodney Otto. Ushering the guests were Clifford Sichkaryk, brother of the groom and David Carey, brother of the bride.  
For her daughter's wedding, the bride's mother wore a dark blue floral gown of polyester crepe complemented by a corsage of orange carnations. The groom's mother chose a two piece gown of turquoise polyester and wore a corsage of turquoise carnations.  
Following the wedding a reception and dance for 240 guests was held in the Namao School Gymnasium. Mr. Gary Ash acted as master of ceremonies for the evening. Uncle of the bride, Mr. Thomas Jacobs of To-field, proposed the toast to the bride and presented the couple with enlarged baby pictures of themselves. During the reception Mrs. John Wall sang a medley of songs accompanied by Mrs. Barbara Crozier. The bride and groom each presented red roses to their mothers.  
Mr. and Mrs. B. Ness, sister of the groom and their twin daughters, Paula and Patricia attended from Victoria, B.C. Paula and Patricia were in charge of the guest book. Telegrams were received from Belgium, France, Philadelphia, Banff and Vancouver.  
After a honeymoon motor trip to the Rocky Mountains and the United States, the bride and groom are making their home in Edmonton.

## ORDER OF ST. JOHN CEREMONY

On Saturday, November 29 at Convocation Hall, U of A, the Alberta Branch of the Most Venerable Order of the Hospital of St. John of Jerusalem held an investiture of Albertans into four of the six grades of the order.

At a private ceremony preceding the main investiture, His Honour Ralph Steinhauer, K. St. J., Q.C. Lieut. Governor of Alberta was received into the order as Knight, receiving the accolade of the Order from the Chancellor of the Order in Canada, K. Gen. G.E. Beaumont, OBE, K. St. J., E.D., Q.C. Then followed a very dignified and picturesque ceremony in which the Lieut. Gov. invested some 47 Albertans in the grades of Commander, Officer and Serving Brother/Sister. The Priory executive and members of the order dressed in the black robes of the order provided a somewhat romantic, medieval background to the ceremony. Originally the black robes, with the eight pointed star over the left breast was the uniform dress of the Knights of St. John during the 12th century crusade in what is now Palestine.

Among those honoured in the ceremony, who have given encouragement and assistance in the establishment of the St. John Ambulance Emergency Service in Bon Accord and Morinville were Dr. Jan Stuart, Mrs. Alice McKinnon and Mr. Edward Silver. Dr. Stuart was invested as a

commander of St. John, Mrs. McKinnon as a Serving Sister and Mr. Silver as a Serving Brother. Bon Accord and Morinville were represented by Nigel Mansfield, superintendent of the service at the Investiture and at the Investiture dinner held Friday evening.

Prizes are \$5 with \$10 for a blackout. Bonanza cards go at 25 cents

each with a 50% share of the take going to the winner. Make Sundays at 7:30 your time to play bingo. The games are sponsored by Bon Accord Lions.

She requested the roll call, to which 35 members answered. Emily then remarked about so much sadness in the village this day. She called on the Vice-President Eula Mabbitt to read a prayer for the Moschansky and Knott families who had been bereaved. Members then joined in the Lord's Prayer. Emily then called on Sheila Crosbie, sec. treas., to read the minutes of the last meeting. Motion made they be adopted was carried.

Reg Austin was then asked to take the floor. He gave a concise report on matters which were of interest to the club. There was much discussion on various items. Finally these were all disposed of to the satisfaction of those present.

Stan Mabbitt will represent the Senior Citizens on the Hall Board. Emily reminded the committee of Cathie Shaw, Aureole Lamoureux and George Knight that commencing with the next meeting (the Christmas party) they will be responsible for the entertainment.

There being no further business it was moved by George Knight that the meeting adjourn.

Lunch was served including a birthday cake supplied by Cassie Paskan. (Sunday School Circle) November birthdays were Pansie Davidson, Roy Davidson, Aureole Lamoureux, Jim Shaw and Min Walmsley. Sang happy birthday for them. Next meeting is the Christmas party, December 12. Members are reminded that each one bring their own contribution to the lunch, also the ladies bring a gift for the ladies and the men bring a gift for a man.

Any dolls, toys etc., would be appreciated. These go to the Charles Camself Hospital.

## Gibbons Sports news

By Karen Hogg

The Fast Sturgeon Gentlemen Hockey League have signed in Namao and Bon Accord, making a six team league. The Gibbons Flyers will play the Edmonton Ladies (CHEMOS) on December 19. Admission is \$1 for adults, 50¢ for children. These ladies are our Canadian champions. Come see their great hockey players. The Gibbons Flyers would like all sponsors of sweaters and advertising.

On Thursday, November 27th the Gibbons Talons massacred the Gibbons Flyers 12 - 2.

On the Gibbons Indians first road trip to Lamont they won 12-3, with Dave Foreman and Don Knott both scoring hat tricks.

On Wednesday, the Indians tied Kensington 4-4.

The Gibbons Seniors lost to Bon Accord 5-3 on Friday, November 28.

## FUND RAISING

The registration 'fees' are being used to pay for ice time and for certain items of equipment. There is a definite need to raise more money to cover the costs of minor hockey. The players will be selling chocolate covered almonds for \$1 a box. We are asking for the support of parents and all of the community and surrounding area to help the boys pay for ice time. When you are called upon to buy chocolates please do.
